

GUARDIAN HEATER

WITH ACTIVE PCO TECHNOLOGY

Create a Comfortable and Safe Environment

Warm, radiant heat is delivered throughout any room, effectively and conveniently, with the safety and efficiency that only comes from Guardian Heater. Active PCO Technology removes odors as the air is heated and sends out oxidizers to remove contaminants. The PTC heating element is made from ceramic stone and heats quickly while being energy efficient. It is also durable, providing a longer life for the heating element. Unlike other heaters, Guardian Heater provides a quiet, even heat that fills the room. Guardian Heater offers an economical way to put safe heating just where it's needed, allowing a lower thermostat setting which may help save on heating bills. Long life-expectancy, low maintenance and advanced safety features make it safer for your home, your children and your pets. It's easy to see why Guardian Heater is a better choice for personal heating!

Portable, Supplemental Heat Source

Evenly heats throughout the room – wall to wall, carpet to ceiling. Helps reduce heating costs. Provides peace of mind for a safe and warm home.

Whisper-Quiet

Prevents additional noise and intrusion on daily life. Simple design for simple use and long life.

Lightweight Design

Makes it easy to move from room to room; weighs only 25 pounds.

Auto Shutoff Safety Features

Safety features aide in preventing fires and make it safer for children and pets. Automatically turns off unit if tipped over slightly in any direction or if internal temperature reaches a certain degree, preventing internal unit damage.

Timer Feature

Allows you to control how long unit runs. Timer is dual purpose

1. Allows user to set a delayed start, up to 12 hours in 1 hour increments
2. Allows heater to operate up to 12 hours and then automatically shut off.

Soft Grate Coating

Prevents the grate from absorbing the heat therefore eliminating the potential for burns if accidentally touched. LED lighting for ambience.

7 Adjustable Heat Levels

Allows you to control the temperature in the room. Doesn't emit harmful fumes or carbon monoxide. Energy efficient ECO mode setting allows you to run the unit with 1/3 less power.

Active PCO Technology

Exclusive Active PCO Technology sends out oxidizers or "scrubbers" to remove harmful contaminants from the air and surfaces to purify your environment while keeping you cozy and warm!

Remote Control

Offers ease of use from any location.

NOTE: This unit does not meet California requirements and cannot be shipped to California.

WORRY FREE
3-year limited warranty

Designed for comfort, safety and peace of mind for a smarter, better portable heater.

Guardian Heater Benefits

- Exclusive Active PCO Technology sends out oxidizers to remove harmful contaminants from the air and on surfaces.
- A specially designed PTC heating element (positive temperature co-efficient) is made from ceramic stone for long life and quick and even heating.
- Tip-over safety feature automatically turns off the Guardian Heater if it is knocked over.
- If the internal components reach a high temperature, the heater will automatically shut off.
- Does not emit odors or fumes and does not effect the humidity level of the room.
- Runs quieter than standard portable heaters and with an output rated at up to 5100 BTU, it heats evenly with a comfortable, balanced heat.
- Includes an easy to use and clean, washable filter and the internal 2 speed fan is made of metal components for long life.
- Features 4 wheels for mobility and includes a remote control.
- Multiple heat settings allow you to customize the output to your needs.
- PTC heating elements can operate at full efficiency for up to 80,000 hours with no reduction in heat output over its life.
- A copper-lined heat exchanger evenly distributes the warm air.

GUARDIAN HEATER

WITH ACTIVE PCO TECHNOLOGY

SPECIFICATIONS

heater technology	PTC element
active PCO technology	Photocatalytic Oxidation
safety features	tip-over and overheating auto shut-off
power usage	120 Volts AC, 1500 watts
filters	washable rear-filter
output	up to 5,100 BTU
coverage	up to 1000 sq. ft.
dimensions	16 4/5" high x 13" wide x 16 3/5" deep
weight	25 lbs
fan	normal - 37 cfm / high - 44 cfm

We offer a 3-year limited warranty for the Guardian Heater.

The First Name in Healthy Homes®

From 1924 through the turn of the century, we were Electrolux, the clear leader in home cleaning throughout North America.
